Building Congress

***P2A seeks to end
intergenerational poverty
by providing access to
opportunities for
transformational building trades
apprenticeships
that lead to solid and rewarding
middle-class careers***

WHO WE ARE

P2A is a not-for-profit community organization that assists people from low-income communities to access union construction apprenticeships, which are pathways to safe, secure, middle class careers.

By low-income communities, we mean people who live in public housing or receive public assistance, the under-employed, youth just released from the foster care system, people with criminal records and others, most of whom are African-American, Hispanic, and of other minority cultures. P2A also serves as a link between community organizations that assist these communities and the building trades industry.
